ANNOUNCEMENT.

MAYOR.

I am a candidate for Mayor of Clay City before the regular November election.

I am in favor of good schools, and a Board of Education to look after it and visit the school at least once a month and report to the Council. I am in favor of a new iron bridge where the old pontoon bridge now is, the town to furnish half the money and county the other. I favor the putting in of a water system for protection from fire, and am in favor of building a City Hall, and last, but not least, I am in favor of keeping the streets and sidewalks in good repair. B. LITTLEPAGE, M. D.

Life is a mixture of Sunshine and shadow, an amalgamation of gladness and gloom, says an exchange. The heart that beats wide and high with pleasure today, will to-morrow throb with pain, and tears that trickled down our cheeks are evaporated in the cheery warmth of our smiles. To-day the baby in the cradle kicks up its heels and chuckles with innocent mirth, but tonight it will be full of paragon and colic. The school boy gets a licking and goes off to bed to dream of firecrackers. A few years are added to his life and he begins to raise boils and go to parties with a sweet young thing who has tight shoes and a light heart. Time hurries him on and before he is aware of it he has a wife and the dyspepsia, and at last when he finally reaches the western side of the hill, he finds that his closing days are crowned with grandchildren and rheumatism.

County Attorneys to Meet.

The 119 County Attorney of the State will hold a convention at Grayson Springs August 6 and 7 to discuss matters of interest and frame uniform rules for office.

Emigrate if You Will.

There is no reasonable excuse for a man to live in a town if he don't like it. If you have no word of commendation to say of your town, emigrate. You won't stop the town clock by going away. The church bell will have the musical ring, the little dog will play as briskly, the fish in the creek will bite just as well, and the pure air, bright sunshine, and sparkling water will have the same health giving properties. Speak a good word for your

neighbor if you can; If you can't don't everlastingly enlarge on their faults. If you have become thoroughly sour and disgruntled move away; go somewhere where things suit you.—Ex.

A tabulated statement shows that the taxes due on individual deposits in the banks in this State, which the depositors failed to list with the County Assessors for the years 1900 and 1901, are \$578,584.04. This is due on deposits amounting to \$121,797, 168. The attention of the General Assembly will be called to this abuse of the revenue laws of the State in the Auditor's biennial report and Gov. Beckham in his first message to the Legislature will probably recommend amendments to the existing laws on the subject.

While grading a street in Louisville workmen unearthed a skeleton at Shelby and Burnett avenue in a sitting position under a sycamore tree. The hand held a tomahawk, and the broken point of an arrow was found near by. The skeleton is that of an Indian measuring 6 feet 8 inches.

THE LATEST DRESS MATERIALS.

A very valuable feature of the August Delineator is that which illustrates by photographic process the latest dress materials, accompanying the illustrations with a running comment, so as to guide those who wish to have the fullest knowledge of materials before going shopping. This is one of the features of a practical character that makes The Delineator so highly esteemed by women. The same number also goes very fully into the subject of trimmings and other dainty accessories of dress.
